

# 2025 Pit Stall Rules

**Pit Stall Pricing - \$150 per stall**

**If these rules are not followed you will be asked to move or leave. If we continue to have problems next season it will be first come.**

- The use of a pit stall at KKC is a privilege that is only offered to our members.
- The driver's membership must be current at the time of purchasing a pit stall. We will not accept any pit stall purchases without current membership.
- You do not own your pit stall. Pit stall use is only for the member driver AND that driver must be present and racing at all times.
- Pit stalls cannot be subleased or loaned out to another driver at any time for any reason.
- If you miss more than 2 races your spot can be revoked and signs removed. If your spot is revoked you WILL NOT receive a refund on any fees paid. This will also forfeit the option of purchasing a pit stall next season.
- Multiple pit stall rental will only be accepted if the family membership has 3+ karts that consistently run at KKC. You cannot combine with another family/friends to increase the number of karts. This additional stall can be removed at the discretion of the KKC Board if it is not consistently used.
- You can add your own custom sign to the fence of your pit stall. That sign should be removed at the last race of the season. KKC is not responsible for any custom signs.
- If your vehicle/trailer/set-up is longer than your pit stall you may be moved to a different stall. Stall placement will be determined by the KKC Board.
- No personal vehicles in the pits. If you need to unload or load your vehicle it must be done at the pit gate.
- We reserved the right to remove or change a pit stall at any time. If this is done no refund will be issued.
